

A.V.C. College of Engineering
Mannampandal, Mayiladuthurai,
Department of Electrical and Electronics Engineering

Title of the Program: Online webinar on “ENGINEERING IN FACILITIES MANAGEMENT”

Chief Guest details: Mr. S. Kubendhiran, Regional Engineering Manager, APAC, Jones Lang LaSalle (JLL), Singapore.

Co-ordinator: Dr.M.Latha, Associate Professor-EEE, AVCCE

Invitation:

Agenda:

A.V.C. COLLEGE OF ENGINEERING
MANNAMPANDAL, MAYILADUTHURAI.

Department of Electrical & Electronics Engineering
Seminar

On

**“ENGINEERING IN FACILITIES MANAGEMENT
”**

Date: 09.06.2020

Time: 11.00 a.m.

AGENDA

Welcome Address	= Dr.M.Latha. M.Tech., Ph.D., Asso.Prof./EEE.
Presidential Address	: Dr.A.Ravi.M.E.,Ph.D., Prof&Head/EEE
Keynote Address	: Mr.G.Ashokkumar.M.E., Asst.Prof/EEE
Guest Address	: Mr. S. Kubendhiran Regional Engineering Manager, APAC, Jones Lang LaSalle (JLL), Singapore.
Vote of Thanks	: Mr.Ra.Selvaganapathy.M.Tech., (Ph. D) Assistant Professor/EEE.
National Anthem	: Students

Program Report: “ENGINEERING IN FACILITIES MANAGEMENT”

The seminar on "Engineering in Facilities Management" drew an engaged audience of EEE students, featuring Coordinator DR.M.LATHA and resource person MR. S. KUBENDHIRAN. Coordinator DR.M.LATHA introduced the concept's significance, emphasizing the fusion of engineering principles with effective facility operations. Resource person MR. S. KUBENDHIRAN delved deeper into the topic, offering real-world insights into optimizing various aspects of facilities through engineering interventions. Discussions revolved around the importance of proactive maintenance, energy-efficient solutions, and adherence to safety protocols. Through interactive examples, students grasped the role of engineering in maximizing space utilization and prolonging infrastructure lifespan. Resource person MR. S. KUBENDHIRAN's expertise highlighted sustainable practices, shedding light on the pivotal role engineers play in creating eco-friendly environments. The event encouraged interdisciplinary collaboration, underlining how EEE students can contribute to seamless facility management by applying their knowledge of technology and innovation. Students left with a comprehensive understanding of how engineering principles impact day-to-day operations in various industries, inspiring them to consider the broader implications of their field. In conclusion, the seminar successfully showcased the indispensable connection between engineering and facilities management. It not only provided valuable insights to EEE students but also reinforced the idea that their engineering skills can significantly contribute to optimizing and sustaining functional facilities.
