<i>Vote of Thanks</i>	<i>Mr.R.Selvaganapathy</i> <i>Assistant Professor</i> <i>Dept of EEE, AVCCE</i>

Program Report:

The Department of Electrical and Electronics Engineering, hosted a guest lecture programme on the topic of "Impacts of Industry 4.0" on 13.11.2021, from 10:00 AM to 12:30 PM. The event took place at the IV-year class room of the EEE department through online mode. The event commenced with a welcoming message delivered by Dr. N.Dhanasekar, Professor-EEE. This was followed by an inaugural address given by Dr. A. Ravi, a Professor and the Head of the EEE Department. Dr. SA Chithradevi, an associate professor EEE, presented the esteemed chief guest.

The guest lecture has commenced with Mr. Vishal Kumar, Application Engineer, AXIS Global Automation. Guest discussed about the digitally enabled factory of today looks very different from the leading factory of ten years ago. Advances in data and analytics, AI, and ML—and the array of technology vendors in the market—mean manufacturers can choose from hundreds of potential solutions and tech applications to improve their ways of working . The session concluded with a vote of gratitude delivered by R.Selvaganapathy, an assistant professor in the Department of EEE.
