From Degree to Career – Skills that Industry Demands The A.V.C. College of Engineering successfully organized a seminar titled “From Degree to Career: Skills that Industry Demands” on 13th March 2026 at the PEKAK HALL. The event was jointly conducted by the Department of Instrumentation and Control Engineering and the Department of Artificial Intelligence and Data Science, in association with the Industry Institute Interaction Cell (III Cell) and Institution’s Innovation Council (IIC). The seminar featured Mr. K.A. Kannan, a distinguished HR Trainer, Psychologist, Founder of CIS Services, and Corporate Trainer & Recruiter, as the resource person.
