Report on Guest Lecture

"Unlocking The Door to Fortune 500 Success"

On Monday 21.10.24, FN

A guest lecture titled "Unlocking the Door to Fortune 500 Success" was organized by the Indian Society of Technical Education (ISTE) Student Chapter in collaboration with the Department of CSE on Monday, 21st October 2024, at 11:00 AM. The chief guest for the event was **Ms. Arulmozhi Ganesan, ME, MBA, Principal Engineer at Unisys, Bangalore**. The lecture was held in the CSE seminar hall and was attended by second-year CSE students and ISTE student members of AVCCE, with a total participation of 140 students.

The event began with a welcome address by Mr. M. Abinaya, a second-year CSE student. Dr. K. Krishnakumari, Associate Professor of CSE, introduced the chief guest, Ms. Arulmozhi Ganesan, an alumna of AVCC Polytechnic College. She has over 25 years of experience in software design and development, having started her career at Wipro Global R&D in 1997 through campus recruitment. She has since worked with prominent companies such as Sun Microsystems (now part of Oracle), Cisco Systems, IBM, and Citrix before joining Unisys in 2018. In addition to her technical background, she holds an MBA in Finance from the University of Wales, UK.

Dr. M. Senthilmurugan, the Director, extended his best wishes for the success of the program. The Principal, Dr. P. Balasubramanian, and Dr. S. Padmapriya, Head of the Department of CSE, honored the guest speaker with a shawl.

In her lecture, Ms. Arulmozhi motivated the students by emphasizing the importance of success for the current and future generations. She delivered an inspiring talk on achieving excellence both during and after one's education. She stressed the value of hard work, consistency, and perseverance, advising students not to give up on their goals. She also highlighted the importance of self-confidence and encouraged students to speak up and share their thoughts without fear of being wrong. To enhance understanding, she shared numerous examples and short stories. Mrs Arulmozhi also answered all the students' questions during and after the session, serving as a mentor and role model for their aspirations.

The session was highly beneficial, with students gaining valuable knowledge and self-confidence from her speech. After her talk, students were given the opportunity to interact with her directly. They found the session to be both informative and engaging. At the conclusion of the lecture, two students provided feedback, expressing how they had benefited from the event.

The program ended with a vote of thanks delivered by Dr. J. Sudha, ISTE coordinator, who expressed gratitude to the chief guest, administrator, director, dignitaries, faculty, and students.

ISTE STUDEDNT CHAPTER 2025-2026
Workshop Report

One-Day Workshop on

"Building with Generative AI: Tools,Techniques& RealWorld Applications with Ethics"

Organized by:
Department of Computer Science and Engineering & ISTE Student Chapter
A.V.C College of Engineering,Mannampandal,Mayiladuthurai.

Date: Monday,11th August2025
Time: 9:15AM

Introduction

The Department of Computer Science and Engineering,in association with the ISTE Student Chapter of A.V.C. College of Engineering, organized a one-day workshop on "Building with Generative AI: Tools, Techniques & Real World Applications with Ethics" on 11th August 2025 at 9:15AM. The workshop aimed to introduce participants to the field of Generative AI, its tools, real-world applications, and the ethical considerations associated with its adoption.

The event was graced by the presence of:

- Dr.P.Balasubramanian–Principal
- Dr.S.Padmapriya–HoD,CSE
- Dr.J.Sudha–ISTE Coordinator
- Mr.A.Arunpandiyan–Event In-charge

Resource Person:
Mrs. B. Salma Fairis B.E., MBA, (Ph.D.)
Senior IT Faculty, British International School, Ajman, UAE
Alumna of AVC College of Engineering (CSE 2008 –2012 Batch)

Work shop Sessions

The workshop was divided into well-structured Hands on sessions:

- **Session I:** Introduction to Generative AI– tools and platforms (ChatGPT,MidJourney,Gemini, Copilot)

- **Session II :** Techniques and methodologies for building GenAI applications including prompt engineering, API usage, and integration

- **Session III :** Ethics in Generative AI– issues of bias ,mis information, copyright and responsible usage

Hands-on Activities:

Participants explored demo projects in areas such as content generation, data visualization, and intelligent tutoring systems.

Participation

The workshop saw active participation from:

- Faculty members of the CSE department
- Third-year CSE students (2023–2027 Batch), who engaged actively in the sessions
- Administrative staff and ISTE Student Chapter volunteers who ensured smooth conduct

Key Outcomes

1. Practical exposure to industry-level Generative AI tools
2. Enhanced understanding of AI ethics and responsible innovation
3. Team-based learning skills developed through interactive activities
4. Strengthened alumni-institution bond through career guidance
5. Improved awareness of AI-driven career opportunities

Vote of Thanks

The event concluded with a formal vote of thanks delivered by a faculty member from the CSE Department. Gratitude was expressed to the Principal, HoD, ISTE Coordinator, faculty, staff, and students for their support. Special appreciation was extended to Mrs.B.SalmaFairis for her valuable insights and contributions.

Conclusion

The workshop proved to be highly beneficial for the students and faculty, providing strong insights into Generative AI concepts, tools, and applications, while stressing the importance of ethics in AI. The Department of Computer Science and Engineering reaffirmed its commitment to organizing more such events to bridge academia and industry.
