INTELLECTUAL PROPERTY RIGHTS (IPR) CELL

REPORT – INNOVATION IS THE KEY
PROJECT IDEA PRESENTATION (PHASE– I)

14.03.2026

The Intellectual Property Rights (IPR) Cell of A.V.C. College of Engineering, Mannampandal successfully organized the program "Innovation is the Key – Project Idea Presentation (Phase–I)" on 13 March 2026 at 10.00 a.m. in the MBA Seminar Hall.

The main objective of the program was to encourage students to develop innovative ideas and transform them into patentable inventions. The event also aimed to create awareness among students about Intellectual Property Rights (IPR) and the importance of protecting innovative research outcomes.

The program commenced with a Welcome Address delivered by Dr. M. Latha, Professor / EEE and Programme Coordinator, who warmly welcomed the gathering.

Following this, Dr. A. Ravi, Professor and Head of the Department of EEE and IPR Cell Coordinator, delivered the Significance of the Event. In his address, he emphasized the importance of intellectual property protection and motivated students to convert their creative ideas into patents and innovative technological solutions.

The Special Address was delivered by the respected Principal, Dr. P. Balasubramanian, who encouraged students to think beyond conventional learning and focus on innovative problem solving that can contribute to societal development.

Students from various departments actively participated in the event. The departments that participated include MBA, CSE, EEE, ECE, IT, ICE, AI & DS, and Civil Engineering. In total, 235 inventors from 31 batches presented their innovative patent ideas during the program.
The students showcased a wide range of creative ideas addressing real-world problems in engineering, technology, and societal applications. The presentations provided an excellent platform for students to share their innovative concepts.

The program successfully promoted a culture of innovation, research, and intellectual property awareness among students.

The program concluded with the Vote of Thanks delivered by Dr. Ka. Suriyaprabha, Assistant Professor / ICE and Programme Coordinator.

Overall, the program motivated the students towards innovation, patent filing, and research-oriented learning.
